Key Performance Targets

Target:	2011 Actual	2011 Performance Measure
Inform the public and relevant interest groups of the existence and purpose of the RDBPT.	Meetings held with individuals and groups involved in conservation on the Peninsula	A communications and advertising policy is developed.
Develop relationships with existing interest groups on Banks Peninsula with similar aims, along with relevant government agencies and territorial authorities.	A number of interested people / groups have been identified and a questionnaire is currently being developed for use with these people / groups.	A list of key interest groups is developed. Meet with representatives of interest groups to discuss their projects and the manner in which RDBPT can work with them.
Explore options for growing the trust fund.	An investment policy has been developed in association with Christchurch City Council finance staff	Investment policy developed. Strategic relationships with bodies which have funds available for projects aligned with RDBPT objectives are developed.
Identify key projects the Trust is to be involved in over the 2010/11 to 2012/13 financial years.	When the questionnaire has been completed the projects which the Trust will focus on will be developed	A list of projects and the assistance the RDBPT will provide over the short to medium term is established. A distributions policy for distributions to projects is developed.
Provide tangible support for the key projects identified above.	Too early for this to be measurable	Evidence of projects in progress or completed due to the support of RDBPT is available.

Notes to the Financial Statements

1. Statement of Significant Accounting Policies

a. Reporting Entity

These are the financial statements of the Rod Donald Banks Peninsula Trust, a Charitable Trust created by the Christchurch City Council on 12 July 2010. The Trust was established to honour the memory of Rod Donald and his commitment to Banks Peninsula and the Trust exists for the benefit of the present and future inhabitants of the Banks Peninsula and visitors to the region.

The Trust's long term vision is to restore the Banks Peninsula to its traditional status as Te Pataka o Rakaihautu – the storehouse that nourishes. In pursuit of this vision the Trust promotes the sustainable management and conservation of the natural environment of the Banks Peninsula.

The financial statements of the Trust are for the period ended 30 June 2011. The financial statements were approved for issue by the Board of Trustees on 30 November 2011.

As this is the first period of operations there are no comparative figures.

b. Basis of financial statement preparation

The financial statements of the Rod Donald Banks Peninsula Trust have been prepared in accordance with New Zealand generally accepted accounting practice. They comply with the New Zealand equivalents to International Financial Reporting Standards (NZ IFRS) as appropriate for public benefit entities.

Differential Reporting

The Trust is a qualifying entity within the Framework for Differential Reporting. The differential reporting option is available to the Trust as it is not large within the meaning of this term as set out in the Framework and is not publicly accountable. The Trust has taken advantage of all differential reporting concessions available to it.

The financial statements are prepared under the historical cost convention, as modified by the revaluation of investment properties.

The functional and presentation currency is New Zealand dollars, and all values are rounded to the nearest dollar.

c. Revenue

Revenue is measured at the fair value of consideration received. Interest income is recognised using the effective interest method.

d. Borrowing Costs

Borrowing costs are recognised as an expense in the period in which they are incurred.

e. Income tax

The Inland Revenue Department (IRD) has confirmed that the Trust has charitable status for tax purposes and is therefore not liable for income tax.

f. Cash and cash equivalents

Cash and cash equivalents comprise cash balances and call deposits, and other short-term highly liquid investments with maturities of three months or less.

g. Trade and other receivables

Trade and other receivables are initially measured at fair value and subsequently measured at amortised cost less impairment provision.

h. Trade and other payables

Creditors and other payables are initially measured at fair value and subsequently measured at amortised cost.

i. Interest-bearing borrowings

Interest-bearing borrowings are recognised initially at fair value less attributable transaction costs. Subsequent to initial recognition, interest-bearing borrowings are stated at amortised cost with any difference between cost and redemption value being recognised in the income statement over the period of the borrowings on an effective interest basis.

j. Goods and Services Tax

The Rod Donald Banks Peninsula Trust is not registered for GST. All amounts stated are inclusive of GST where applicable.

k. Provisions

A provision is recognised in the balance sheet when the Trust has a present legal or constructive obligation as a result of a past event, and it is probable that an outflow of economic benefits, the amount of which can be reliably estimated, will be required to settle the obligation. If the effect is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the obligation.

I. Critical accounting estimates and assumptions

In preparing these financial statements the Trust has made estimates and assumptions concerning the future. These estimates and assumptions may differ from the subsequent actual results. Estimates and assumptions are continually evaluated and are based on historical experience and other factors, including expectations or future events that are believed to be reasonable under the circumstances.

Risk

The Trust has policies to manage the risks associated with financial instruments. The Trust is risk averse and seeks to minimise exposure from its treasury activities.

Interest rate risk

The Trust is exposed to interest rate risk on funds invested at both fixed and floating interest rates. The risk is managed by restricting investment to quality investment grade issues, pursuant to Christchurch City Council's investment policy.

Credit Risk

Credit risk refers to the risk that a third party will default on its contractual obligations to the Trust, causing the Trust to incur a loss. Financial instruments which potentially subject the Trust to credit risk consist principally of cash and short term investments, and accounts receivable.

The Trust banks with Bank of New Zealand (BNZ), Kiwibank, and CBS Canterbury. The credit ratings for each of these organisations from Standard and Poor's (Australia) Pty Ltd are:

Bank of New Zealand	AA
Kiwibank	AA –
CBS Canterbury	BBB –

8. Post balance date events

There were no events known to the directors occurring subsequent to balance date that would have a significant impact on the financial statements for the year ended 30 June 2011.

9. Contingencies

The Rod Donald Banks Peninsula Trust had no contingent assets or liabilities as at 30 June 2011.

10. Related party transactions

The only related party transaction for the Trust in the year ended 30 June 2011 was the receipt from the Christchurch City Council of \$3,503,883 being settling of the proceeds from the sale of endowment land. In addition to this the Christchurch City Council provides administrative and financial support to the Trust at no cost.

11. Breach of statutory deadline

Under section 67 of the Local Government Act 2002, the Trust is required to adopt its annual report incorporating its audited financial statements by 30 September. The Trust did not meet this requirement for 2011.
